

Year 5 Term 3 at a Glance

Overview -	When
<p><u>English</u></p> <p>In English, Year 5's will be exploring persuasive speeches and how to make a good persuasive speech. We will be linking our English unit with our HASS unit which is exploring leadership. For their final task students will be writing a persuasive speech about 'why they are a good leader.' They will be persuading the school community that they will be a good school leader. This will form part of their application to student leadership for next year.</p>	<p>Speeches will be written over the course of the term and recorded in weeks 8 and 9.</p>
<p><u>Maths</u></p> <p>This term we are learning about</p> <ul style="list-style-type: none"> •Fractions with the same or related denominators •Connections between fractions and decimals and percentages •Metric units used to measure the attributes of length, mass, capacity, Perimeter and area. •Two-dimensional shapes and three-dimensional objects. •The language, features, components and construction of angles. 	<p>Week 3, 4,8,9,10</p>
<p><u>Science</u></p> <p>In Science, Year 5's will be exploring our solar system. They will identify planets and objects in our solar system. Students will explore technologies developed from space exploration that help us in our everyday lives. They will research people who have contributed to space exploration and strengthened our understanding of our solar system.</p>	<p>Week 7,8,9,10</p>
<p><u>HASS</u></p> <p>In Hass, Year 5 students will be learning about leaderships skills. We will be looking at what makes a good leader, why we have rules and laws and different roles in the Australian legal system. Students will develop their leadership skills, to solve problems and work in team environments.</p>	<p>Weeks 2,4,5</p>
<p><u>Digi Technology</u></p> <p>In Digital Technology the year 5 students will explore computer networks and systems. They will identify individual parts and explain their use or purpose. Students will also make connections between devices in a network and explain how these work together.</p>	<p>Week 9</p>
<p><u>Health</u></p> <p>In health students will be exploring friendships and qualities of good friends. They will be identifying emotions and how people display these emotions. We will be working through how to solve conflict and friendship issues as they move into adolescents.</p>	<p>Week 5</p>
