

Year 3 Term 3

It's been a busy and rewarding term for our Year 3 students. They've worked consistently hard, and we're especially proud of their final speaking presentations in English, a true reflection of their growth and dedication. A standout moment this term was our visit to the Ekka, which was a clear favourite among the students. We also enjoyed some hands-on learning in the kitchen, exploring cooking through both traditional and modern methods.
